

THE SPA PACKAGE

Involves the standard groom plus:

- One bath with a deep cleansing shampoo that lifts the colour of your dog's coat. Plus, a second bath with a Terra Beaute Mineral Anti-Aging Bath is a deep cleansing exfoliate-like cream that dissolves and removes dirt and dead skin cells. This bath soak also helps to moisturise both coat and skin to protect against aging, adding radiance, softness and shine.
- An Evening Primrose Oil Silk Conditioner that offers a rich formula best suited to double coated breeds. Which leaves the coat velvety soft to the touch but also helps soothe the dogs skin and has a beneficial effect when used for allergy conditions, and on dull coats with excessive moulting. Plus a Coat Conditioning Spray that lifts and controls pet odours and soothes irritable skin. With the soft fragrance of evening primrose oil, this product is suitable for use on sensitive skin.
- A relaxing Warren London paw Sani-Scrub. This Sani-Scrub will safely clean to prevent infection and is fragrance-free and suitable for all types of skin, coats or paws. Followed by a Terra Beaute Protective Foot Cream. Its healing formula protects and soothes canine paw pads. Specifically designed for wound care, this protective and healing cream contains antiseptic Dead Sea minerals and antibacterial essential oils.
- A teeth brushing and breath freshener service that is designed to help eliminate bad breath, tartar, stains, and any build-up of food particles.
- A gentle liquid formula developed to remove tear and saliva stains from the dog's coat.
- A Warren London Cucumber Melon Foaming Facial is specially designed for use around the face, including the outer ears, face and neck. This gentle face wash cleans, brightens and helps remove tearstains.
- Finished with a Warren London Milk and Honey Fragrance Spray is a long-lasting organic dog cologne. With the warm, rich smell of milk and honey, this fragrance spray is gentle on the skin and coat.
